

Set up Internet APN and MMS APN on Vivo V9

This setting can apply to Vivo V9 and other Vivo models with OS Android 8.0 or higher

1. On main screen, select **(Settings)**

2. Tap **(Mobile network)**

3. Tap Access point name : APN

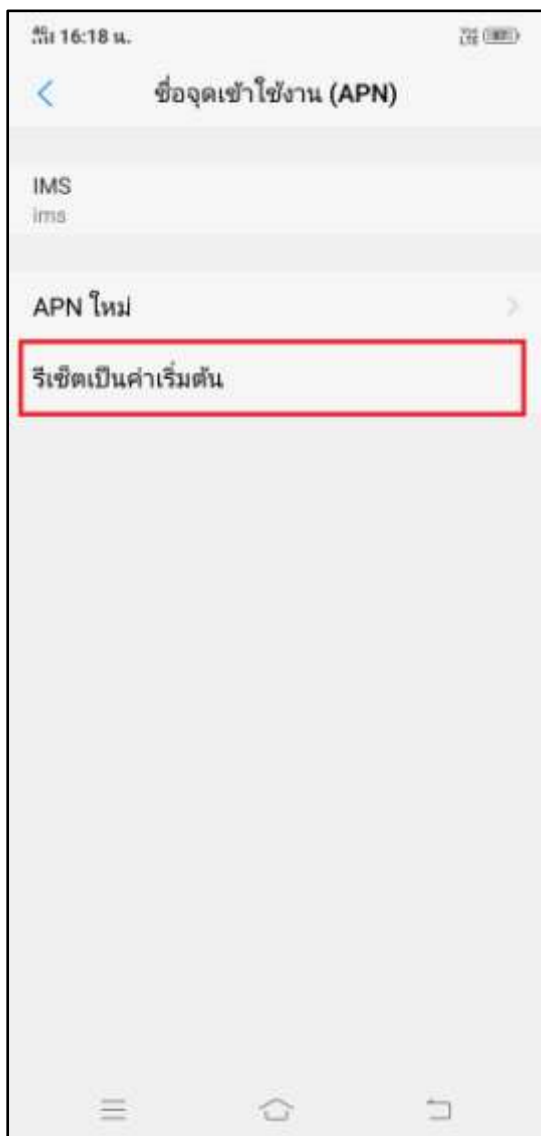

4. Device will display APN settings by default:

- TRUE-H-internet
- TRUE-H-MMS
- IMS

5. If there's no setting or unusable, delete old settings by choosing (Reset to default)
6. Resetting default APN settings...

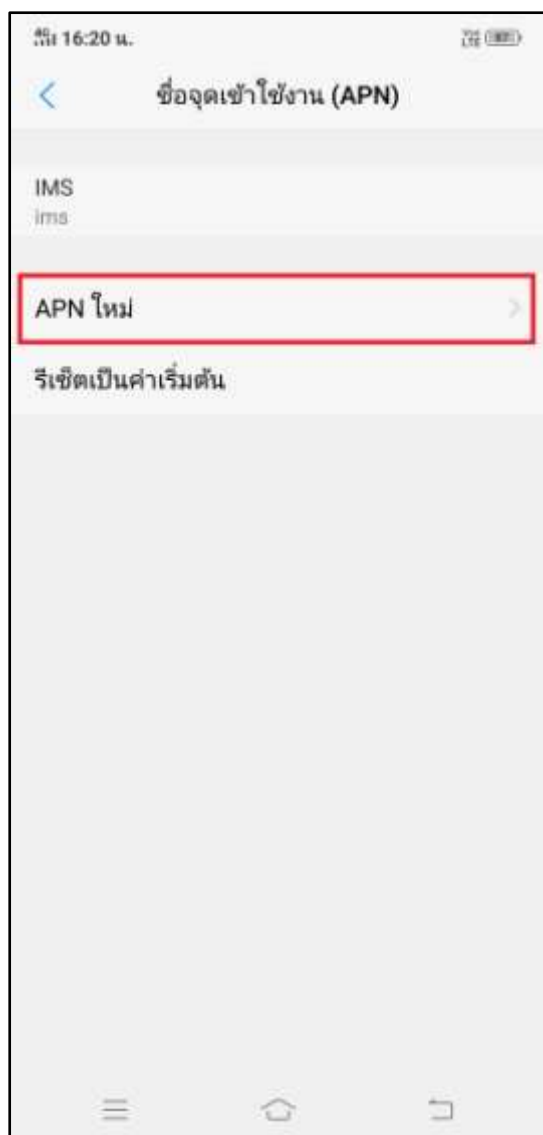

7. Wait around 2 - 5 seconds > (Reset to default APN settings completed) > APN for TRUE-H-internet and TRUE-H-MMS will appear

8. Wait for a while, at top right 4G sign and arrows up-down will appear that means connecting mobile data

9. To set up APN manually, tap **(New APN)** at top right
