### 3. Status of AP D-link 895L

- 1) **AP** : when click on the AP icon, it'll show AP basic information
- 2) **IP v4 Network** > Router IP Address : IP Address or Default Gateway of AP
- 3) **Wi-Fi > Status** : show if Wi-Fi is turned on
- 4) **Wi-Fi Name (SSID)** : network name
- 5) **Password** : password of Wi-Fi

The screenshot shows the D-Link DIR-895L web interface. At the top, there is a navigation bar with 'Home', 'Settings', 'Features', and 'Management'. Below this, a green circle indicates 'Internet Connected'. A network diagram shows the router (DIR-895L) connected to the Internet, with a green checkmark on the connection line. The router is also connected to two other devices: 'Connected Clients: 2' and a 'USB Device'. The router icon in the diagram is circled in red and labeled with a red '1'. Below the diagram, the 'DIR-895L' status is shown. Under 'IPv4 Network', the Router IP Address is 192.168.0.1, which is circled in red and labeled with a red '2'. Under 'Wi-Fi', the Status is 'Enabled' (labeled with a red '3'), the Wi-Fi Name (SSID) is 'dlink-20DC' (labeled with a red '4'), and the Password is 'tkwqi39879' (labeled with a red '5'). There are 'Go to settings' links for both the IPv4 and Wi-Fi sections. At the bottom, there is a copyright notice: 'COPYRIGHT © 2017 D-Link'.

#### 4. Connected clients status

- 1) Smartphone icon : it'll show number of device connected to AP, click here it'll show basic information of those devices
- 2) Connection type e.g. Wireless or LAN
- 3) Device name
- 4) IP Address of those devices received from AP

The screenshot shows the D-Link DIR-895L web interface. At the top, there is a navigation bar with 'Home', 'Settings', 'Features', and 'Management' tabs. Below the navigation bar, a green circle indicates 'Internet Connected'. A network diagram shows the router connected to the Internet, with a green checkmark indicating a successful connection. The router is also connected to 'Connected Clients' (2) and a 'USB Device'. The 'Connected Clients' section is circled in red, and a red '1' is placed next to the smartphone icon. Below this, the 'Connected Clients' section lists two devices: 'CMNBKOMRATKORN' (Unknown Vendor, IP: 192.168.0.144) and 'PhikkY-NotE' (Unknown Vendor, IP: 192.168.0.132). A red '2' is next to the first device's icon, a red '3' is above the device name, and a red '4' is next to the IP address. A plus sign icon is also visible in the 'Connected Clients' section.
