

Enable – Disable Data for True SMART 4G SPEEDY 4.0

2 Methods can be done:

1st Method via Shortcut menu

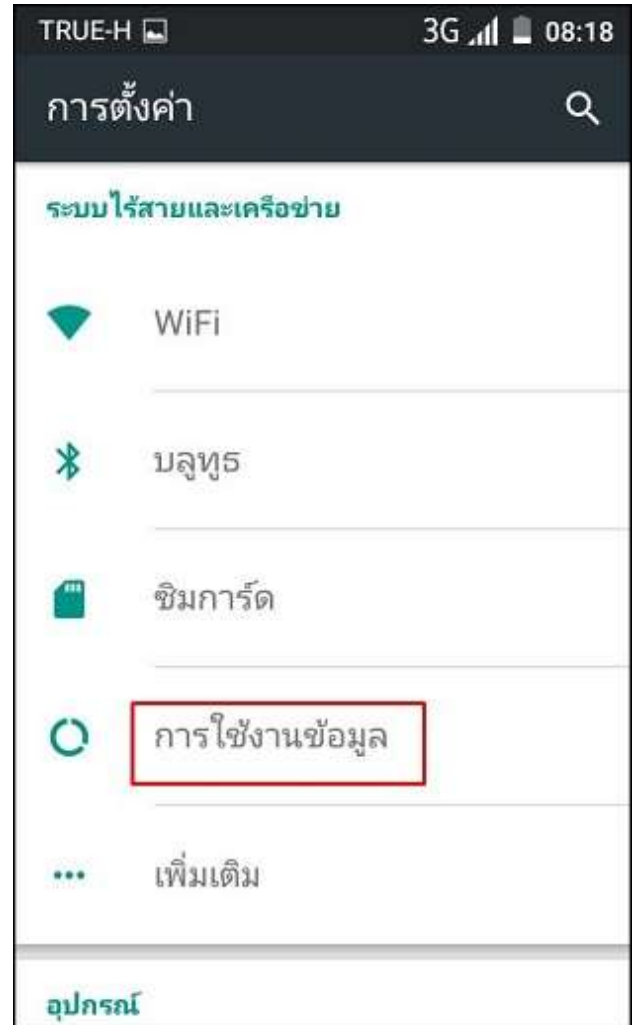

1. At Home screen, swipe screen down
2. Tap [Data Connection] to enable/disable Data

- If **enable** [Data Connection], it will be **white**
- If **disable** [Data Connection], it will be **grey**

2nd Method via [Settings]

1. At Home screen, select [Settings]
2. Select [Data Usage]

3. At [Cellular data], tap enable- disable Data

- If **enable** Data [Cellular Data], button will turn **green**
- If **disable** Data [Cellular Data], button will turn **grey**
