

Set up True Super Talkie 4G to share internet via Wi-Fi

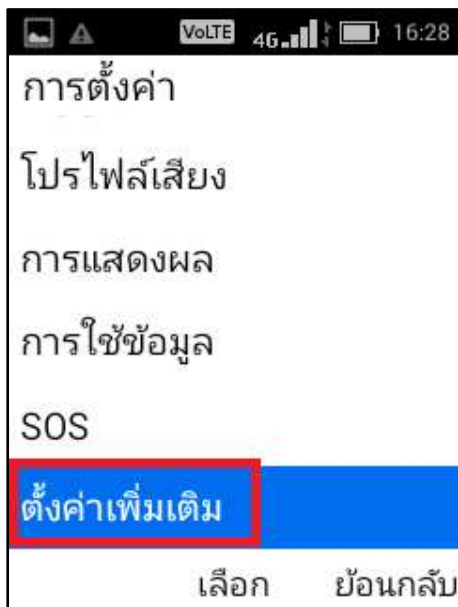

1. On main screen, select **(Menu)**

2. Select **(Settings)**

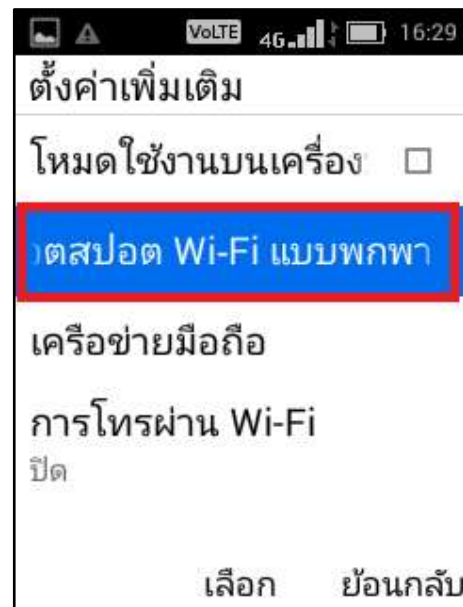

3. And then **(More)**

4. Select **(Portable Wi-Fi hotspot)**

remarks: support maximum 8 Users

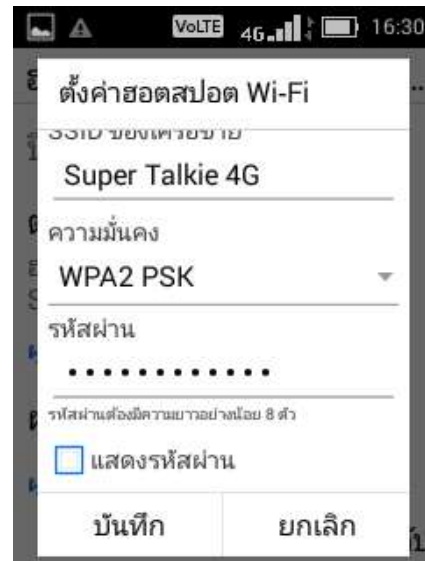

5. At (Portable Wi-F hotspot), choose **(Set up Wi-Fi hotspot)**

6. Wi-Fi hotspot menu:

- Network SSID
- Security :
 - Open: do not use password
 - WPA PSK
 - WPA2 PSK : by default
- Password : contains at least 8 characters, choose (Show password) to display password
- When completed, press **(SAVE)**

7. At (Portable Wi-Fi hotspot), turn on to share the internet network

8. Tethering or hotspot active sign will appear at the top left corner

9. To block device to connect this Wi-Fi hotspot any more

- If there's connected device, at **(Connected Users)** it will show that device's MAC address
- Choose the device you want to block
- It will show that device's Wi-Fi Mac > choose (Block) to forbid that device to connect this Wi-Fi Hotspot
