

## Enable 4G HD Voice (VoLTE) on True SMART 4G P1 Series

This setting can apply to True SMART 4G P1 Series, True SMART 4G CHAMPION and other True SMART 4G with Android 8.0

1. On main screen, tap ^ to view all Apps

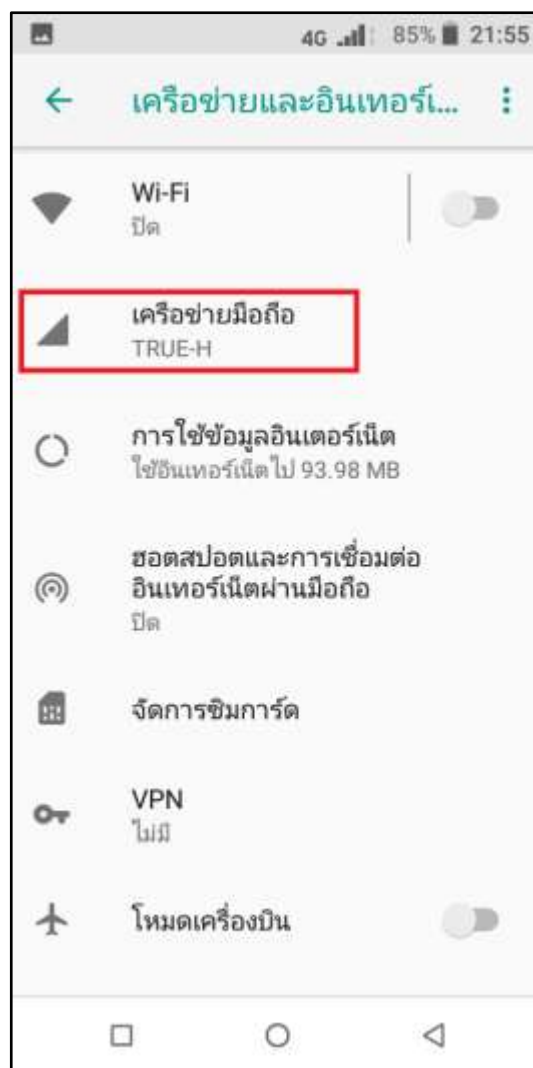

2. Tap (Settings)

### 3. Tap (Network & Internet)

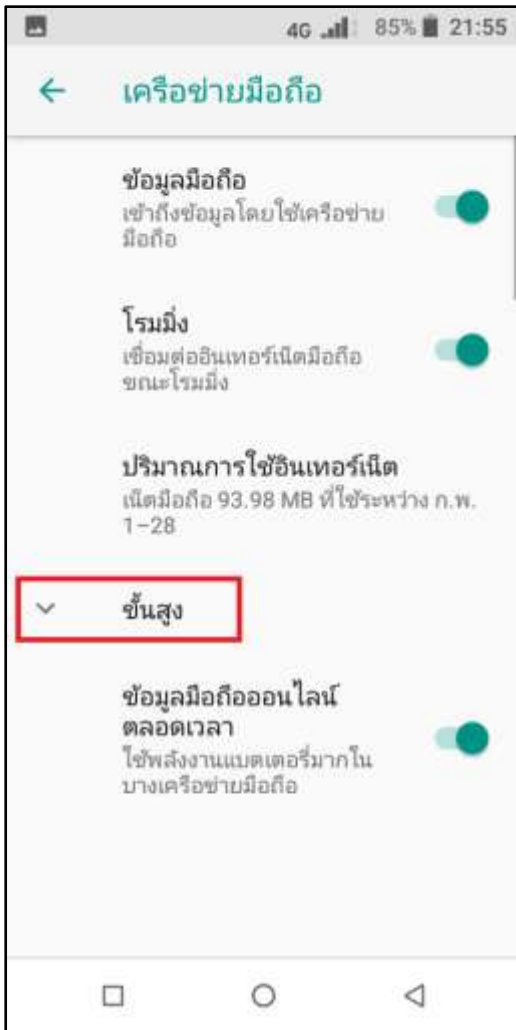

### 4. Tap (Mobile network)

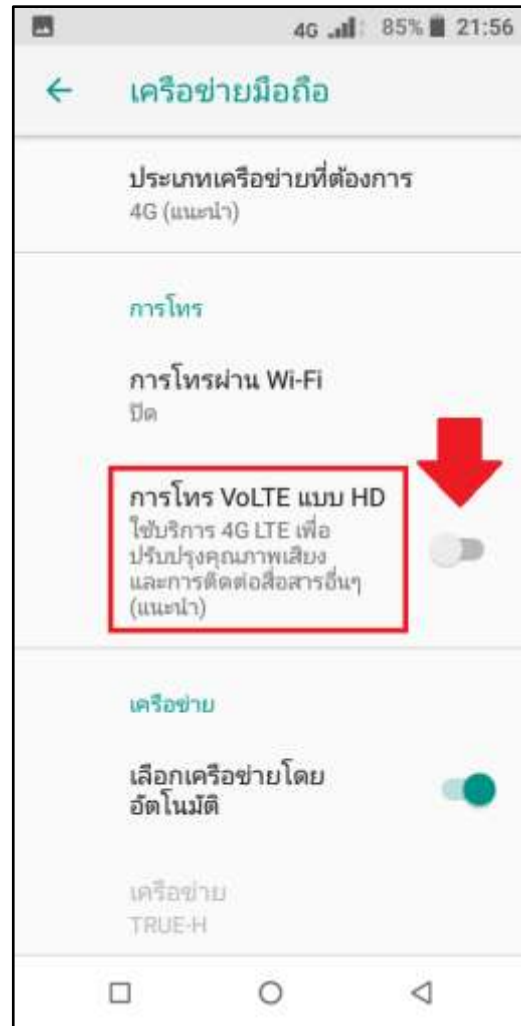

5. Tap **(Advanced)**

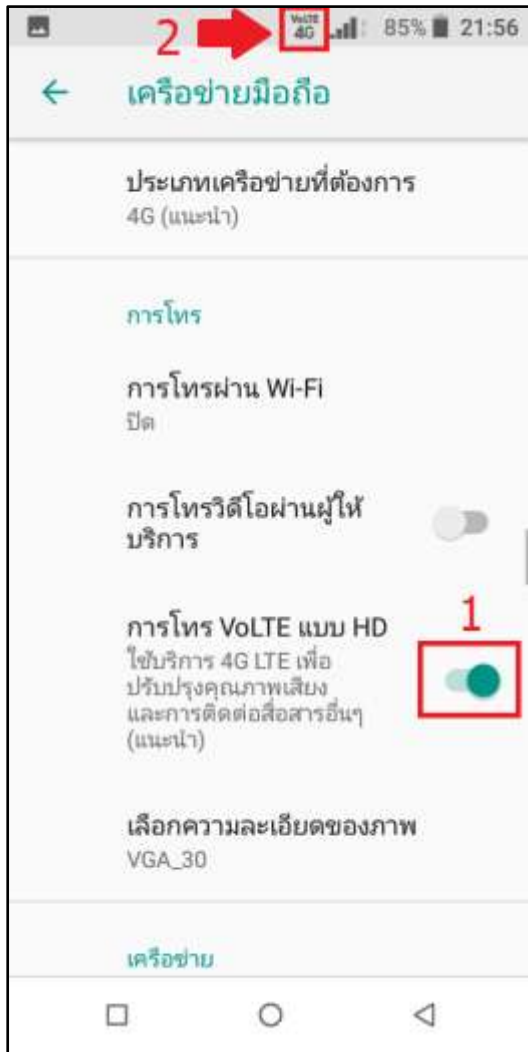

**remarks:** if have 2 SIM Cards, choose to set SIM1 or SIM2 > choose preferred SIM then tap (Advanced)

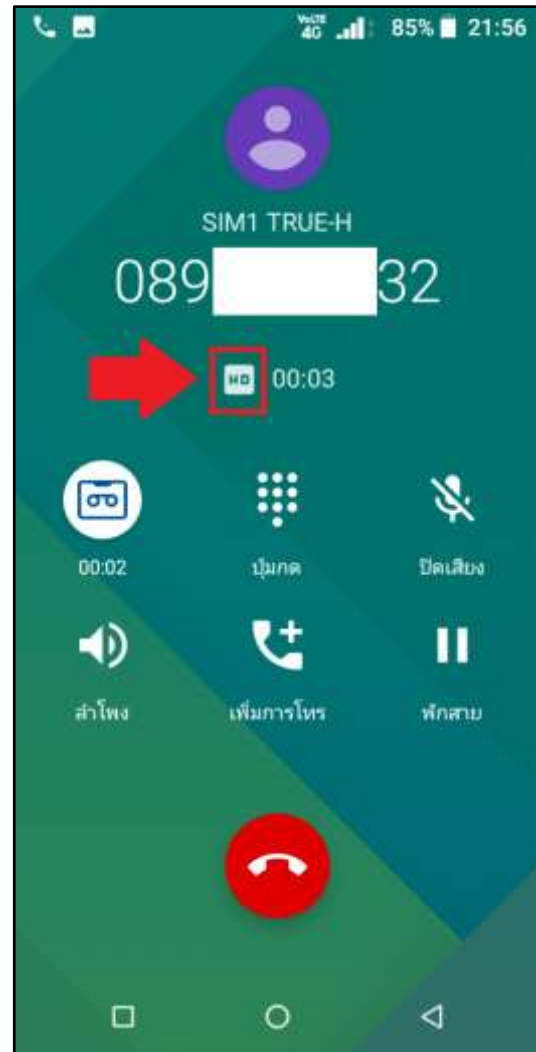

6. Go down to (VoLTE HD Call) by default is Off, tap to enable it

7. A button turns green when VoLTE is ready to use, its sign will appear above 4G

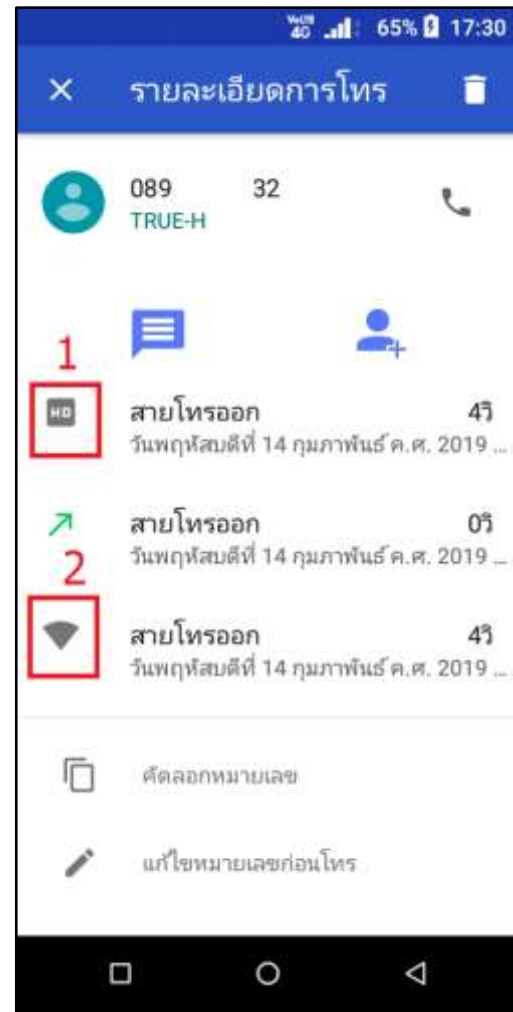

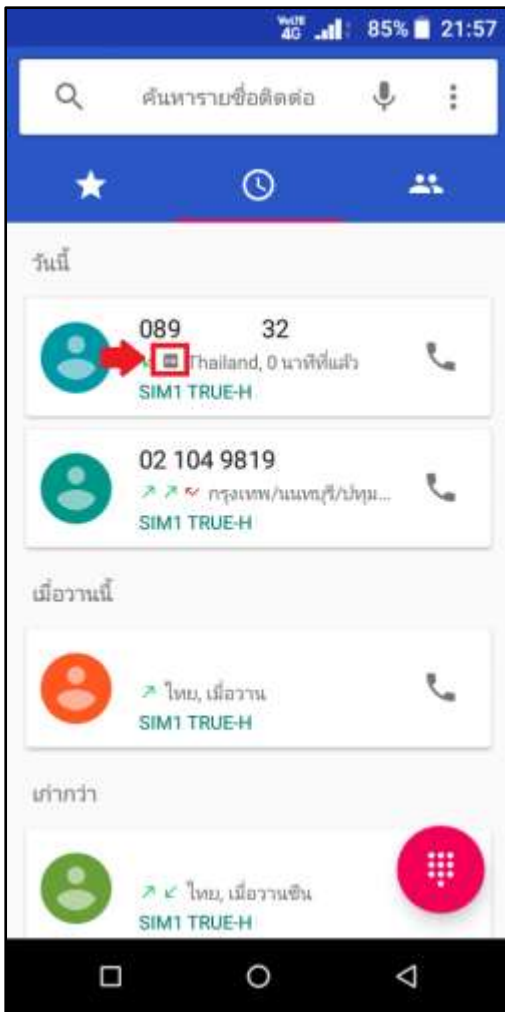

8. When making call or receiving call, HD will appear at the left of call duration

9. **Call History:** if it is a call via VoLTE, there'll be HD sign

10. When making call or receiving call via VoLTE and VoWiFi almost the same time and to check call detail, tap that number and then (Call details)

- HD = via VoLTE
- Fan sign = via VoWiFi

### What should know

- Support only TrueMove H SIM, can use through SIM1 and SIM2 if both support 4G and Mobile Data is turned on
- Possible problem : if making call via VoWiFi and then disabled, it may result VoLTE doesn't appear, power device off and on 1 time afterwards VoLTE will appear
