

Use Airplane Mode on OPPO F7

This setting can be applied to other OPPO models with Android 8.0 or later

Control Center

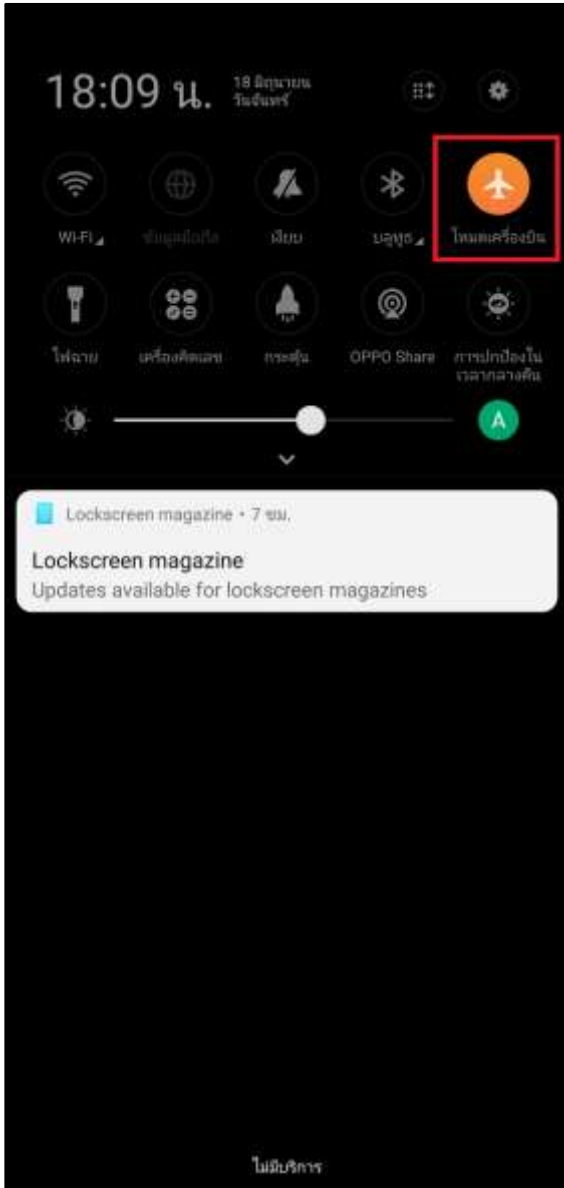

1. At main page, swipe screen down
2. At Control Center, airplane mode (airplane sign) is black > tap this sign to turn it on

3. Airplane sign is orange = Airplane mode is turned on

Via Settings menu

4. On main screen, select (Settings)

5. Airplane mode is off > tap a button to turn it on

6. Afterward

- Green button (turn on)
- At top left corner, a tiny plane will appear = Airplane mode is turned on
