3. After pressing Apply there'll be a message "Your data have been stored!"

The screenshot shows the ZTE web management interface. At the top left is the ZTE logo and the current time: 1970-01-01T00:47. The top navigation bar includes links for Home, Internet, Local Network, VoIP, and Management & Diagnosis. The user is logged in as 'admin' and can click 'Logout' or switch to '中文' or 'English'. The main menu on the left lists various system functions: Status, Security, DDNS, SNTP, Port Binding, Port Locating, and PON Information. The main content area is titled 'DMZ' and contains a 'Page Information' section stating: 'This page provides the function of DMZ parameter(s) configuration.' Below this is a configuration form for DMZ with the following fields: 'DMZ' (radio buttons for 'On' and 'Off'), 'WAN Connection' (a dropdown menu set to 'Auto'), and 'LAN Host' (a text input field containing '192.168.1.108'). At the bottom right of the form are 'Apply' and 'Cancel' buttons. A green success message box with a checkmark icon and the text 'Your data have been stored!' is highlighted with a red circle. The footer of the page contains the copyright information: '©2008-2019 ZTE Corporation. All rights reserved | F688 V9.0.10P1T9'.
