

## Select Network Operator on Samsung Galaxy S9+

This manual can be applied to Samsung Galaxy S9+ and Samsung other models with Android 8 or later

1. On main page swipe screen up

2. Select **(Settings)**

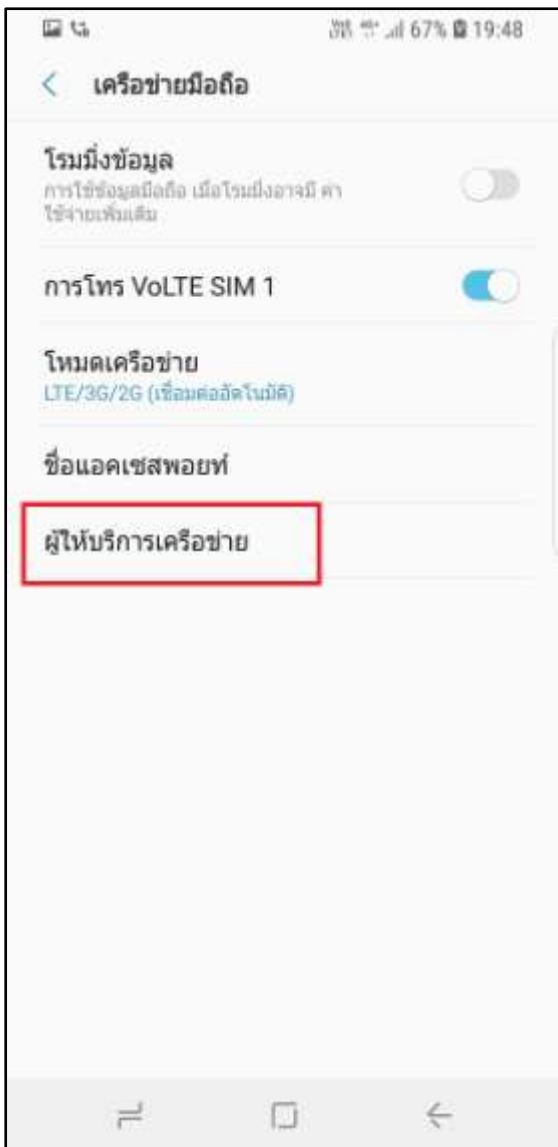

### 3. Select (Connections)

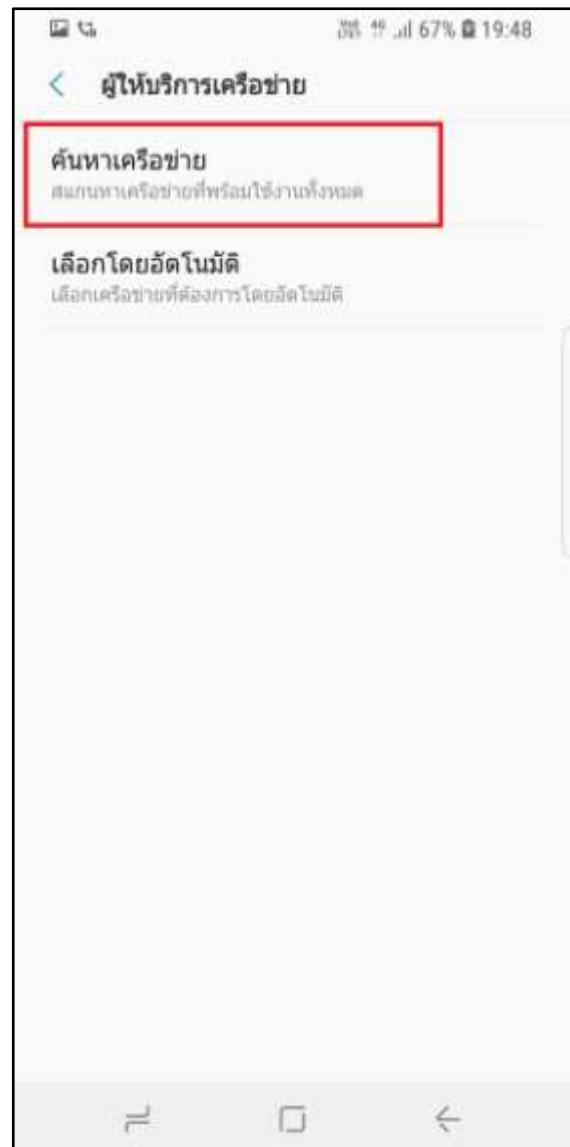

### 4. And then (Mobile networks)

5. And then (Network operators)

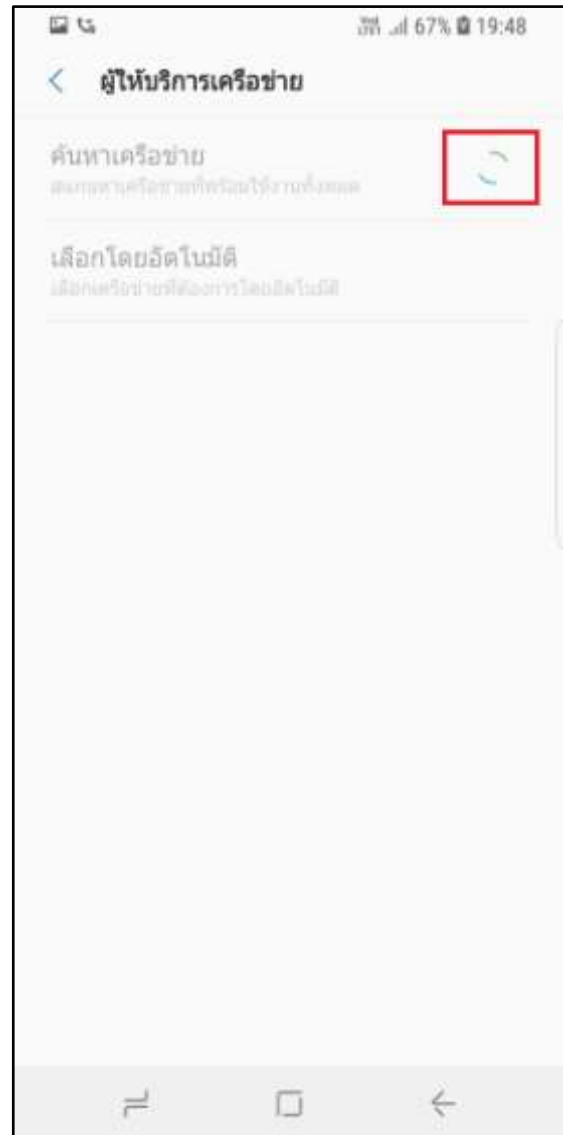

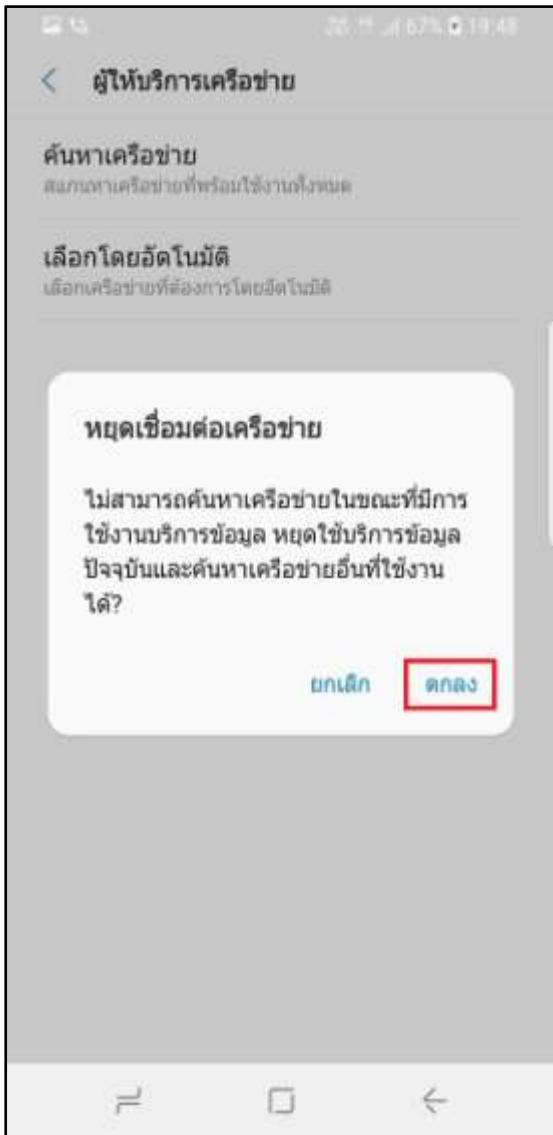

6. Select (Search networks)

7. Disconnect network pop up will appear, tap (OK) to start

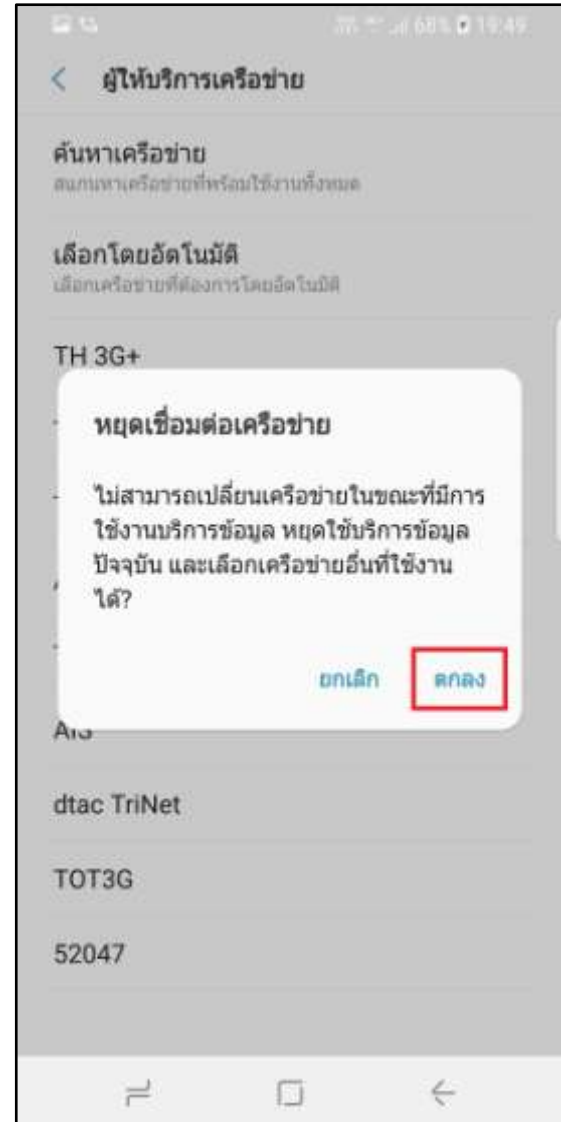

8. Device is searching for network, wait a moment

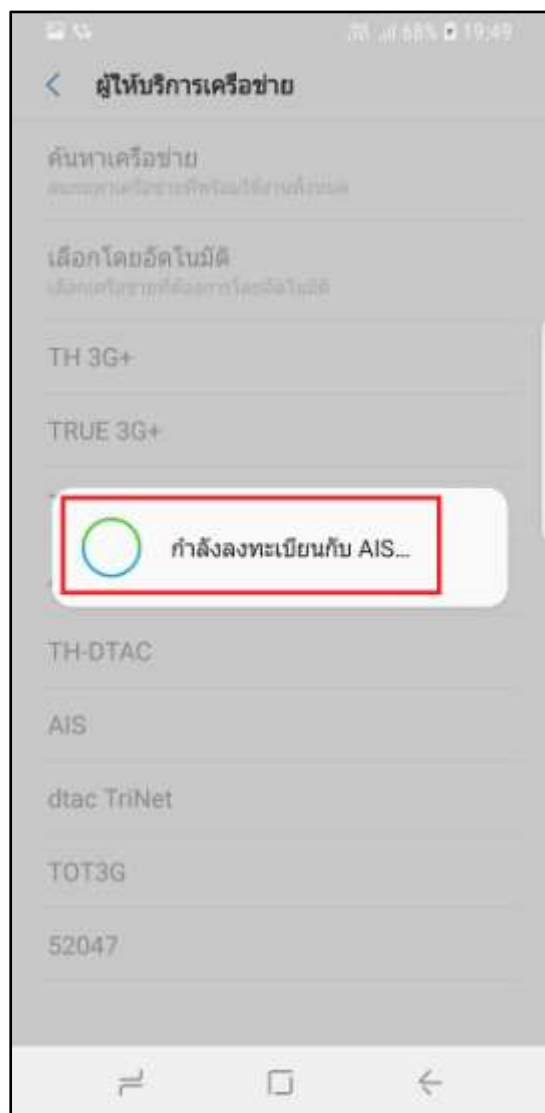

9. After stop searching, a list of network operators will appear (example is using TrueMove H sim) > choose other network operator e.g. AIS

10. Disconnect network pop up will appear, tap (OK)

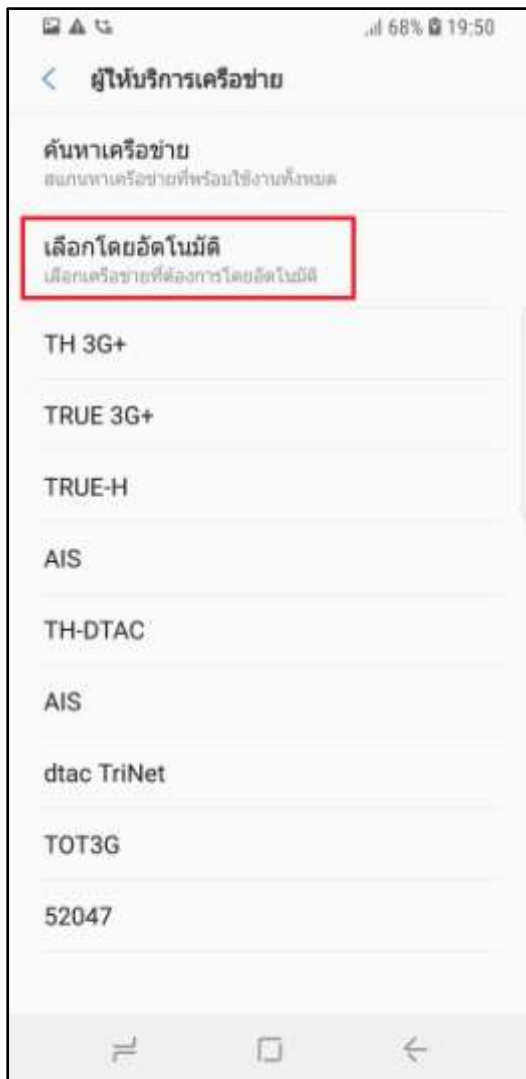

11. Registering network, wait a moment

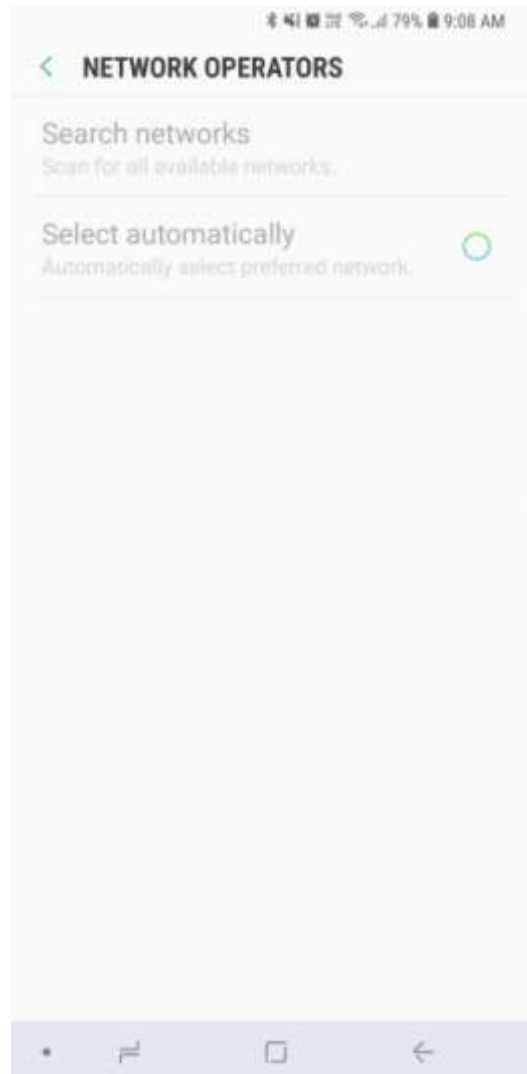

12. Error message shows “Your sim card does not allow a connection to this network” because the selected network is not align with inserted sim card

13. Choose (Select automatically)

14. System will automatically search for network, wait for a moment

15. After selecting the network, a message (Register on network) will appear that means the setting completed
