The screenshot shows the TurboSpeed router configuration interface. At the top, there are tabs for **Status**, **Basic**, **Advanced**, and **Firewall**. The **Status** tab is selected, and a red arrow points to it. On the left side, there is a sidebar with a **TURBOSPEED** logo and several menu items: **Software**, **Connection**, **Security**, **Diagnostics**, **Init Scan**, **Factory Defaults**, and **Reboot**. The **Security** menu item is highlighted with a red arrow. The main content area is titled **Status Security** and contains the following configuration options:

- Password Change User ID**: Input field containing "ใส่ UserName"
- New Password**: Input field containing "ใส่รหัสผ่านใหม่"
- Re-Enter New Password**: Input field containing "ยืนยันรหัสผ่านใหม่"
- Current User ID Password**: Input field containing "ใส่รหัสผ่านเก่า"
- Firewall Protection**: Radio buttons for **On** (selected) and **Off**
- Apply**: A button highlighted with a red box.
